

PRIVATE ISLAND IN BELIZE

Stann Creek District, Belize

Imagine owning a slice of paradise where the only noise is the gentle lapping of the Caribbean Sea and the rustle of the palms. Bikini Caye offers a rare opportunity to own a "solid land" island in one of the most sought-after marine environments on the planet.

This is not just a mangrove tuft; it is 0.390 acres of high, solid ground covered in lush, thick pine vegetation, providing a natural privacy screen and a sturdy foundation for your dream eco-villa or private fishing lodge....
